How to read Key Dashboard

This is the most important Metric. It indicates to what extent the employees are willing to put in their discretionary effort.

- **Engaged:** Willing to go the extra mile on behalf of the organization.
- **Neutral:** Willing to do just the minimum requirements of the work.
- **Actively Disengaged:** Actively spreading toxicity and negativity.

This analyzes statement number 25 "I would recommend this company as a great place to work"

Another name for this is " Employee Satisfaction)

It is calculated by subtracting Promoters from Detractors

- **Promoters:** Employees who would recommend the company to others as a good employer.
- **Passive:** Employees who would neither recommend the company to others as a good employer nor they talk negatively about it.
- **Detractors:** Employees who wouldn't recommend the company at all to others.
